Public Remarks: This turn-key flex property in a live-work-play community offers a rare mixed-use opportunity, ideal for both residential living and business use. Designed for versatility, this home features a separate ground-level entry into your "flex" space, perfect for a home-based business, retail space, office, or guest suite with a separate bedroom, full bath, lanai/yard space, and its own dedicated parking. The main living is on the second floor, with 2 bedrooms, 2 full bathrooms, washer/dryer and it's own covered lanai. The kitchen is thoughtfully upgraded with quartz Silestone countertops, stainless steel appliances, backsplash, and a stylish tiled accent peninsula wall. Plantation shutters throughout and custom lighting adds a refined touch, while split AC units provide comfort year-round. The flex area on the first level can be blocked off for privacy, but there's also stairs connecting it to the second level for those seeking extra space to live and entertain. Additional highlights include a 1 car garage for additional security and storage, and a total of 3 additional deeded parking stalls.
