Public Remarks: This fully remodeled 5-bed, 2-bath home gives you what no condo tower ever could - two separate living spaces with private entrances, separate electric sub-meters, two separate water heaters, and nearly 7,000 sq ft of land with a real yard and ample parking. The upper level offers three bedrooms, a full bath, and a complete kitchen, while the lower level has two bedrooms, a full bath, and a wet bar ready for family or a tenant to help subsidize the mortgage. Everything was updated this year with new paint, countertops, and kitchen finishes throughout, plus a fully installed septic system. Waianae Elementary is right next door, so mornings are as easy as helping the kids cross the street. Living on the west side means world-class surfing, snorkeling, and diving are at your doorstep — along with beaches that still feel untouched and sunsets no camera will ever do justice. Whether it's multi-generational living, rental income, or both, this is for the buyer who refuses to trade a yard and two front doors for a box in the sky. **Sale Conditions:** None * [Photos](#), [History](#)
