Public Remarks: This cozy 3-bedroom, 2-bath attached home has a lot of big house features. There's a bedroom and full bath on the ground floor and because it's attached back to back with the other unit, it still has a single family feeling. Laundry center is upstairs, a feature you don't see in a lot of bigger homes either. Home has been updated with fresh paint and new luxury vinyl plank flooring throughout. Plantation shutters on all the windows allow you full control of the light coming in while giving a clean, crisp look to the interior. Best feature of all... OWNED solar PV system and newer window ACs to help beat the heat on those warmer Summer days on the Ewa Plains. Do I have to point out the great price? Come see this before it's gone! **Sale Conditions:** None * [Photos](#), [History](#)
