Public Remarks: Over 2 acres of AG-2 land in Maili with a 1 bed / 1 bath home already in place. The real value here is the land and what you can do with it. AG-2 zoning allows one farm dwelling per 2 acres, so adding a second home may be possible if you meet the requirements. The agricultural uses are flexible too—grow crops, raise livestock, or build out something like a farm stand, nursery, beekeeping operation, or agritourism. Larger projects like ag clusters or a small farmers' market may also fall under the zoning. That flexibility opens up real income potential, whether from farming, on-site sales, or ag-based tourism. You're minutes from beaches, schools, and shopping, so you get the country feel without giving up access. Whether you want to grow an ag business, build a multi-dwelling homestead, or hold it for the long term, this one gives you both land and room to work with. *Buyers should confirm all zoning uses and dwelling allowances with the City and County of Honolulu, as permitted uses depend on meeting specific requirements.* **Sale Conditions:** None * [Photos](#), [History](#)
