Public Remarks: This spotless modern home sits on land that Hawaiian chiefs once fought to control, because of the commanding views, & the lower temperatures of the Oahu highlands. With "natural air conditioning" for a new world of climate warming, this residence sits on a quiet street offering refuge from new health threats of the crowded city, & a comfortable place to work from home if necessary or preferred. A split air conditioning system likely will be used far less often than in warmer locations below, saving on electric bills. Perfect for from a young family looking for a place to grow, to those looking to downsize. A low maintenance enclosed back yard, move-in condition, and the nearby access to schools, shops, services and restaurants and entertainment offer all that most families could desire. **Sale Conditions:** None **Schools:** [Mililani Mauka](#), [Mililani](#), [Mililani](#) * [Request Showing](#), [Photos](#), [History](#), [Maps](#), [Deed](#), [Watch List](#), [Tax Info](#)
